

RÊVERIES

Woven dreams, designed by Sofie Neiryndck

Rêveries embodies the freedom and the unexpected turns that design can take. No predetermined path, but a layered play of intuition and form. This collection bridges the existing and the new, a poetic upgrade of Aciento's signature, enriched with the hand of Sofie Neiryndck.

DESERT GLOW

"Where glow meets stillness, form emerges."

A textile diptych rooted in the language of sand.
'Amber' glows gently, like the last breath of a setting sun.
'Mocha' breathes stillness, like first light touching the dunes.
Together they form a sculptural gesture - layered, sensory
and timeless.

More than rugs, They Are Landscapes of Emotion.

DESERT GLOW AMBER

"Where glow meets stillness, form emerges."

A textile diptych rooted in the language of sand.
'Amber' glows gently, like the last breath of a setting sun.

'Mocha' breathes stillness, like first light touching the dunes.

Together they form a sculptural gesture, layered, sensory and timeless.

More than rugs, They Are Landscapes of Emotion.

DESERT GLOW_{RED}

"Where glow meets stillness, form emerges."

SILENT DESERT

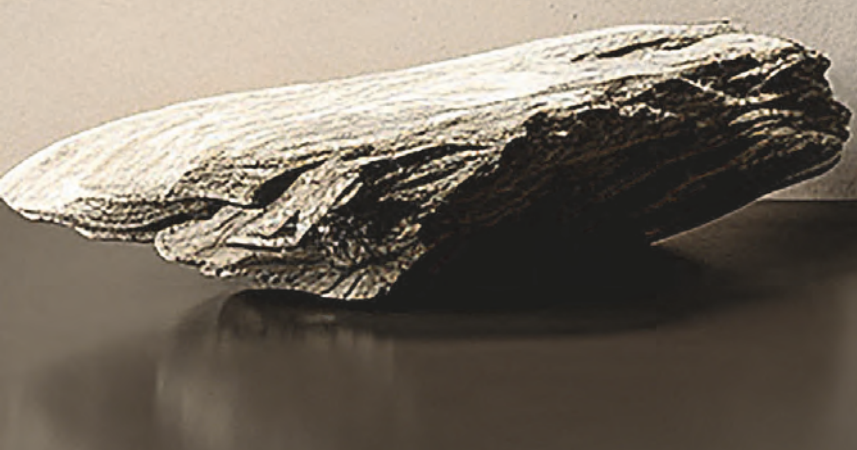

"The whisper of the desert."

Inscribed in the rippling of the sand, a subtle dance
of wind and time.

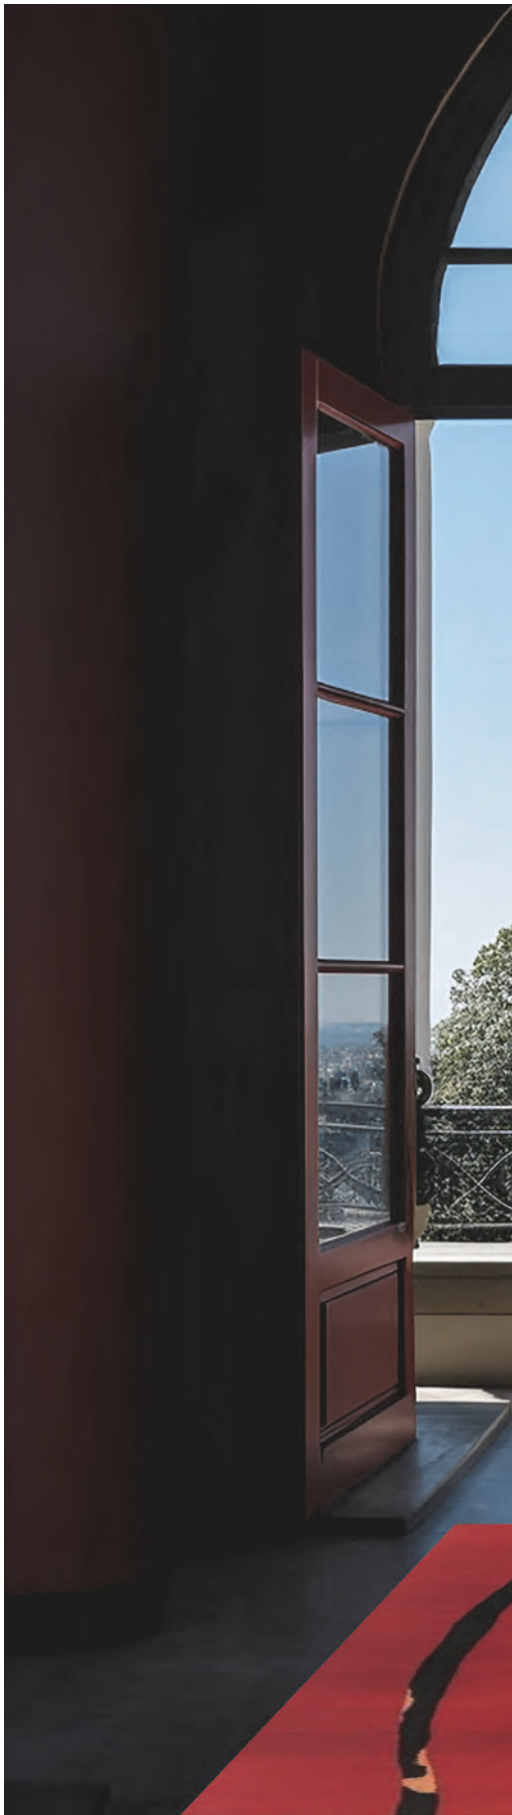

A visual haiku.
Designed in muted tones, like ink on silk.
BASHO captures movement in stillness,
a meditative trace,
where every line echoes nature.
Timeless. Tactile. Between emptiness and meaning.

BASHO

Where silence flows through lines.

BASHO RED

"Where silence flows through lines."

TERRAZ

"A raw play of planes, where fragments challenge each other."

Inspired by the Italian terrazzo tradition, yet distilled into pure abstraction.
A powerful gesture in form and color, architectural, graphic, untamed.

FREQUENZA

A rhythm woven into fibers.

Lines cut through the surface like signals across raw terrain.

Inspired by frequency and flow, sharp, graphic, unbound.

A rug that doesn't just rest in the room,
it dictates the rhythm.

The background of the entire image is a dark, almost black, textured surface. In the center, there is a large, vertical, rectangular opening or niche. The walls of this opening are a light, warm, beige or tan color with a rough, organic, and weathered texture, resembling natural stone or aged plaster. The lighting is soft and directional, coming from the left, which creates subtle shadows and highlights the uneven surface of the opening's walls. At the bottom of the opening, the floor is a smooth, light-colored surface, possibly concrete or stone, which contrasts with the rough walls above.

OCCO

A quiet gaze upon nature.

A free interpretation of joy and a
bond with stillness.

A rug that listens to the landscape .
soft-spoken, grounded, and
instinctively knotted.

VITAI

"The growth of time.."

Vitai breathes time.
A rug like the cross-section of
a tree, each ring a memory,
each circle a movement of
growth.
Two forms touching, like the
meeting of seasons.
Earthy in tone, layered in
presence.

For those who know that life
is not linear, but a continuous
circle.

For those who long to come
home to the rhythms of
nature.

BOHO SPHERE

"Where earth meets ease."

BOHO breathes the effortless luxury of an Ibiza summer: unforced, earthy, and timeless. Woven in natural tones, like sunlight on weathered stone. Soft beneath the feet, powerful in its presence.

For those who feel life through texture.
For those who long to come home to simplicity with soul.

BOHO STRIPES

"Where rhythm meets freedom."

BOHO STRIPES carries the same effortless soul as BOHO SPHERE, with a powerful cadence: unforced, organic, and timeless.

Woven in natural tones, like shadows stretching across sun-bleached stone.

Soft underfoot, yet powerful in its presence.

For those who know that simplicity has rhythm.

KYOTO

Restraint as a language of form

A rug as a quiet gesture.
The silence between the lines speaks.
Inspired by Japanese serenity,
where emptiness is not absence,
but an invitation to presence.
